

# LIFTS AND MOUNTS Scissor Lift SLX

## HEAVY-DUTY CEILING-RECESSED VIDEO PROJECTOR LIFT

Drop further with **Scissor Lift SLX**: Longer extension positions make it easier to maintain the projector during shows and service. An excellent choice for heavier projectors, the Scissor Lift SLX supports larger, brighter video projectors: up to 453 lb! Equipped with 3 sets of scissors for lateral and front-to-back projector stability.

Optional accessories such as environmental airspace housing isolates and secures your lift and projector from the space above ceilings.

### FEATURES

- Powers many of the most demanding projectors, up to 12 amps.
- Available for 115V and 240V projectors.
- Features several built-in control capabilities as standard, including RS232, RS485, and more.
- Wall switch and service key switch standard.
- Easily set two show positions while still allowing fully up and down positions for storage or maintenance.
- Maintains set positions even with a power loss.
- UL Listed to meet strict building code requirements for products recessed above the ceiling.

### OPTIONS

- Optional Environmental Airspace Housing to isolate projector from environmental airspace above ceiling.
- Optional ceiling closure panel available in white (standard) or black.
- Ceiling finish kit optional. Kit includes ceiling trim ring and closure panel (order when Airspace Housing is not required).
- Optional universal-style bracket for easy attachment of a variety of projector models.
- Factory installed cables for video and projector control available.
- Lift finish available in white (standard) or black.
- RF or IR controls optionally available.
