

FIXED SCREEN PROFILE+

LARGER SIZING WITH A FLAT PANEL LOOK

Framed bezel option

Bezel depth

Borderless option

- The Profile+ offers a lighter fixed frame projection screen with larger sizing that can be finished with either a thin bezel trim or no bezel for a borderless option.

A lightweight frame and a sliding hook and loop attachment on the viewing surface makes installation easy. Screen ships unassembled for easier transportation and makes maneuvering around stairs, elevators, and corners manageable.

Fixed frame projection screens are engineered for easy assembly and to provide a perfectly flat, taut viewing surface.

FEATURES

- Fixed frame screen, can be wall-mounted or flown. Mounting fasteners not included.
- Frame equipped with mounting flanges that match wall brackets.
- Ships with wall brackets standard, flown brackets must be requested.
- Screen sleeker than a flat panel.
- Less than 2" (51 mm) deep.
- Includes sliding hook and loop system for easy assembly of the viewing surface.
- Product is lightweight and ships unassembled.

WARRANTY
